	Quality, Health & Safety and Environmental Policy		
Doc. # EZ/IMS/FF/104	Rev. # 0	Rev. Date: 01-Jan-2026	Page 1 of 1

Engineering Zone Private Limited is a provider of Environmental Engineering Solutions for Wastewater Treatment Plants and Reverse Osmosis (RO) systems, together with related Architectural and Structural Design, Fabrication and Civil Works. The company also offers Inspection, Calibration, Monitoring and Environmental Consultancy services. It is committed to providing a safe and healthy workplace for its employees and quality services to its clients, while fulfilling its professional responsibilities in an environmentally responsible manner and continually improving its performance. The QHSE Policy is an integral part of the organization's overall policies and strategy.

EZ is maintaining and efficiently implementing to fulfill its commitment, by continual effort to:

- Set QHSE objectives, review progress in Management Review Meetings, and provide the resources needed to meet them.
- Audit our system at planned intervals and act on the results.
- Follow all applicable environmental, health and safety laws and other requirements.
- Deliver our projects and services as agreed with the client and to the required standards.
- Keep inspection and calibration results accurate and impartial, and keep client information confidential.
- Identify hazards and put controls in place to keep everyone working with us safe.
- Prevent injuries, ill health and damage to property.
- Prevent pollution and use energy and resources wisely.
- Reduce, reuse and recycle materials where possible.
- Store, handle, treat and dispose of waste safely.
- Train our employees and contractors in safe work practices, quality and environmental care.
- Respond to client feedback and complaints promptly.
- Offer good quality services at a fair price.
- Support the community and the environment around us.
- Keep improving our quality, health, safety and environmental performance through our Integrated Management System.
